Major Maintenance on A419/A417

We are planning essential maintenance at the A419/A417. The work will affect various sections of the A419/A417. Please note that the remaining sections of the A419/A417 outside of the works area shall operate as usual.

What work is being carried out?

The work being delivered is essential resurfacing of the carriageway on various sections of the A419/A417.

What are the benefits to road users?

Our work reduces interventions, so the road remains open thus reducing delays and improving journey time reliability. Also, it will provide a safer and smoother journey for road users.

When and where will the work be carried out? (Traffic restrictions – check before you travel)
