Major Maintenance on A419/A417

We are planning essential maintenance at the A419/A417. The work will affect various sections of the A419/A417. Please note that the remaining sections of the A419/A417 outside of the works area shall operate as usual.

What work is being carried out?

The work includes bridge painting and road marking replacement on various sections of the A419/A417.

What are the benefits to road users?

The bridge painting work is required to prolong the lifespan of the structure. This treatment will prevent water ingress into the bridge, which ensures the structure remain safe for use. Without this treatment, water ingress may cause significant damage which would require more disruptive repairs in future. Overall, both the bridge painting and road marking replacement will provide a safer and smoother journey for road users.

When and where will the work be carried out? (Traffic restrictions – check before you travel)

There are overnight closures scheduled on the A419/A417 network.

- **Overnight closure timings are from 20:00 hours until 06:00 hours the following morning**

Bridge Painting:

- **A419 Closure between Burford Road Interchange and Spine Road Junction (Diversion Route 6 Southbound)**
 - Overnight closures ONLY from Friday 19th September to Thursday 25th September

Road Marking Replacement:

- **A419 Closure between A420 White Hart Roundabout Junction and Commonhead Junction (Diversion Route 11 Southbound)**
 - Overnight closures ONLY from Monday 22nd September to Wednesday 24th September
- **A419 Closure between Commonhead Junction and M4 Junction 15 (Diversion Route 10 Southbound)**
 - Overnight closure ONLY on Thursday 25th September
- **A419 Closure between M4 Junction 15 and Commonhead Junction (Diversion Route 10 Northbound)**
 - Overnight closure ONLY on Friday 26th September
- **A419 Closure between Commonhead Junction and A420 White Hart Roundabout Junction (Diversion Route 11 Northbound)**
 - Overnight closures ONLY from Monday 29th September to Wednesday 1st October

The A419/A417 will be fully operational as usual outside of the specified hours. Diversion routes will be signed, and signage will also be in place before the start of works as a reminder.

Property access

Should access to your property be required, traffic management personnel will make every effort to facilitate this. However, some delay may occur while safety measures are implemented to allow safe passage through the work site. A contact number will be provided at the closure entrance for assistance.
