

Exciting progress at the Village Centre!

The Oxshott Village Trust, which manages the Village Centre, has big plans, and part of the journey includes a new structure as a Charitable Incorporated Organization (CIO) – and appointing the Trustees. This has been achieved, as **Hilary Dyson** reports...

Thank you to the 248 Oxshott residents who took the time to vote for the election of the Trustees for the Oxshott Village Trust on 19 December 2024. There was lots of interest in this election, with an amazing 15 candidates volunteering to be one of the eight Trustees for the newly formed Charity.

Over 1,300 votes were placed by the voters and the successful candidates are:

- Mike Anthony
- Michael Carpenter
- Suzie Staunton
- Hilary Dyson
- Stuart Knee
- Geoff Moyle
- David Reeves
- David Williams

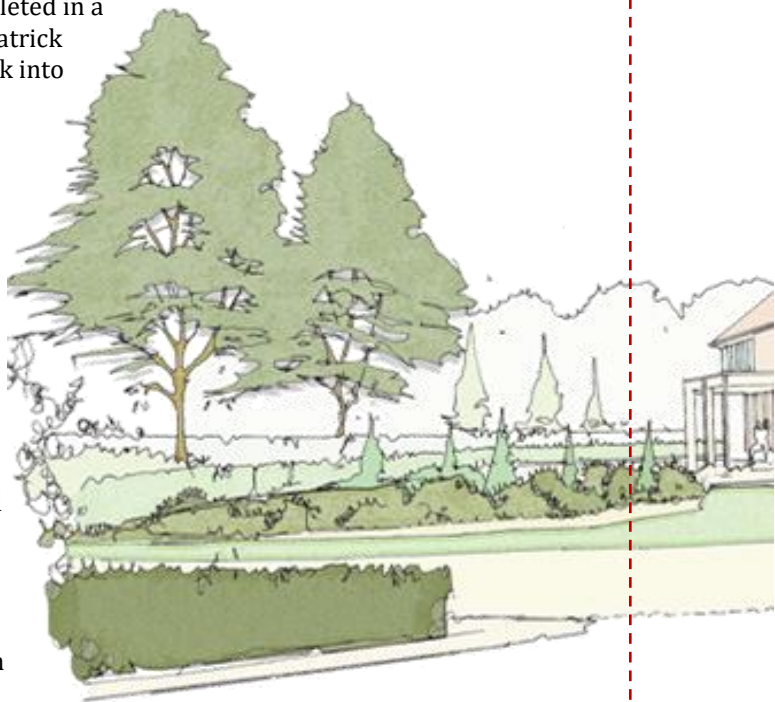

Our thanks also go to the conscientious independent vote counters who worked hard to get the count completed in a timely manner. Thank you, Revd Patrick Davies and Brian Cox, for their work into the early hours!

The new surgery

The Oxshott Trust manages the estate including the Village Halls & doctors' surgery, as well as the surrounding land.

However, it is exciting times for the Trust, with the prospect of a new fit-for-purpose medical surgery on the horizon. This new building will provide all the latest technology, consulting space and ancillary medical facilities required for today's patient, as well as ensuring there is capacity for the ever-increasing Oxshott residents for many years to come. We also aim to provide a wellness garden in the grounds for use by residents.

Our planning application has

The proposed site map

been submitted to Elmbridge, so please do support us.

You can find the planning application – Elmbridge Planning Reference is 2024/2906 on their website.

You have **until 7 February**

to comment, and Elmbridge BC have indicated that their target date for a decision is 11 February.

Any questions, do please contact us at info@theoxshottvillagetrust.org.uk
