## EDITORIAL

A bit of an odd picture for the front page, but one significant for conservation and rewilding here in Norton – any guesses to me at the [nortonmessenger@gmail.com](mailto:nortonmessenger@gmail.com) address!

This month we have a new article, with a spotlight on a charity supported by people in the village – Suffolk Lowland Search and Rescue (SULSAR). If you would like to write an article to include along these lines about a charity or organisation you support please do send it in.

If you have anything you would like to see published send it to the address below by the 15<sup>th</sup> of the previous month. Including any new article ideas you have.

Best wishes, Diana

## HELP WITH MESSENGER DELIVERY

The monthly Norton Messenger is produced, edited, distributed and delivered by a number of volunteers in the village. Due to some of those volunteers stepping back recently there are three "rounds" of delivery that are currently vacant:

- 1- Along the A1088 from the garage towards Woolpit
2. – Ashfield Road-Honeywood Close / St.Andrews Place and around towards Church Lane
- 3.-Hardings Lane.

If anyone would like to help with any of these delivery rounds please contact Derek Wilding at [dmwilding1@hotmail.co.uk](mailto:dmwilding1@hotmail.co.uk). Many Thanks

## SPOTLIGHT ON SUFFOLK LOWLAND SEARCH AND RESCUE (SULSAR)

Suffolk Lowland Search and Rescue (SULSAR) is a member unit of the UK's Lowland Rescue service. Alongside Mountain Rescue, Cave Rescue, the RNLI and Volunteer Coastguard, they form the backbone of specialist help for the emergency services when anyone is in need of assistance.

They are on-call 24 hours a day / 365 days a year, with a team of 60+ people ready to respond across Suffolk and the surrounding areas.

Most of their callouts relate to locating vulnerable missing people such as those living with dementia, people who are struggling with their mental health, children, teenagers and anyone the Police deem to be a high risk missing person. The team can also be deployed for other incidents such as flooding and using their drones to support the Fire Service.

In 2024, the team were deployed 43 times and the volunteers gave up over 13,000 hours on callouts, training and fundraising.

The team is based in Woolpit behind the Stag Café and there are several members within Norton. The team will be recruiting soon for all sorts of members; search technicians, 4x4 drivers and fundraisers are always welcome to join.

The team is 100% voluntary and fundraising is always a struggle. The Dog have chosen SULSAR as the charity for their September quiz night – why not put a team together and help support them? [www.sulsar.org.uk](http://www.sulsar.org.uk)

## NORTON & DISTRICT TWINNING ASSOCIATION

### Norton & District Twinning Association Members Summer Social 2025

On 20th July, after a rainy day, the sun came out as members met at Pakenham Water Mill. We always aim to hold our Summer Social close to the French Bastille Day which is on 14th July.

Plates of food to share had been created and fun and laughter was had by all. Young and old enjoyed games such as badminton and boule by the delightful mill pond as well as the range of toys kindly provided by the mill. Members were able to chat and relax and take in the beautiful scenery.

We are most grateful to Pakenham Water Mill for hosting our event for us. We always welcome new members and you would be welcome to find out more to see if the association is for you. We hold events through the year such as bingo, quizzes and socials to get together. There is no obligation to host a French family from our twin village Muids, Normandy, France or to visit but the option is there for those who might like to try it.

#### Dates for your diary:

- ❖ **13<sup>th</sup> September:** Bingo Night
- ❖ **8<sup>th</sup> October:** Annual General Meeting
- ❖ **15<sup>th</sup> November:** Cheese and Wine evening (members only)

## ELMSWELL HISTORY GROUP

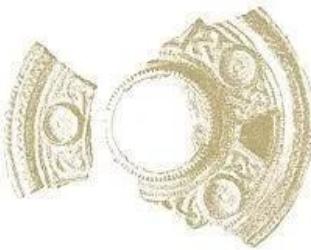

Our **July** outing was to Hawstead's Great War Huts, the impressive First World War Heritage Project, which we visited with Woolpit History Group (see photo). The evening's visit was led by local renowned expert WW1 historian, Taff Gillingham, who gave us an enthusiastic and comprehensive explanation of how this project came to be. Following the discovery of an original WW1 Recreation Hut, which was due to be demolished, the project started to find other original buildings across the country that were constructed over a century ago to house the men and women who served during the war. Many of these huts have been dismantled, restored (with as many of the original materials as possible), and re-erected on site to provide a fitting environment for displays and exhibits. This site provides a unique setting in which to learn about the personal, military and social history of the conflict and much more. They offer site tours, March to November, on the fourth Wednesday of the month, which can be booked via their website. This unique venue also holds a wide variety of events throughout the year, including their popular '*Hutted Histories*' talks, exhibitions, film screenings, live performances and tours. As well as children's activities over the summer holidays, they also provide organised and customised school visits throughout the year. The site's series of trenches have been built using the original trench building manuals of the time for reference, so the size, depth and materials are all accurate for those built in France and Flanders all those years ago. There are dugouts, latrines, observation posts, fire steps, and a Regimental Aid Post, with the probable yearly highlight being their '*Trenches by Twilight*' event each December which tells the story of the 1914 Christmas Truce. We concluded with welcome refreshments after what was a revelatory experience for us all. Contact details are 01284-388986, and e-mail - [info@greatwarhuts.org](mailto:info@greatwarhuts.org), with many more details and images to be found on their website, [www.greatwarhuts.org](http://www.greatwarhuts.org).

Relating to this, readers may be interested in this FROM THE ARCHIVE item of 18<sup>th</sup> Sept 2011:

A replica WW1 battlefield, painstakingly created at Rise Hall Farm in Akenham near Ipswich, was seen across the country in the ITV drama *Downton Abbey*, featuring Matthew Crawley, heir to the family fortune, dodging muck and bullets at the Battle of Somme. Historian Taff Gillingham, who spent thousands of pounds building trenches identical to those used by British and German troops in WW1, said "*We have ten acres of film-set battlefield there, and we push for historical accuracy. When filming takes place, there's a huge amount of local industry that benefit from it, with up to 100 local extras*". Rise Hall Farm trenches were also used for other TV programmes and played a starring role in the film *Private Peaceful*, based on the best-selling WW1 novel by Michael Morpurgo. (EADT, 2011)

We start our new 2025-6 season of talks on Thursday **11<sup>th</sup> September**, 7.30pm in Elmswell's Wesley Hall (School Rd, IP30 9EE), when our annual subs of £12 (plus £4 per attendance) will be due for payment. That evening's speaker, Zoe Adlam, will give us her fascinating talk "*Fool's Gold – should the Law of Treasure be Changed to Improve Protection of Portable Antiquities?*". Do join us then and, if you do not wish to become a member, just £6 is payable as a Visitor.
